

Duty limit section properties

You can find these properties under the [Administrator Settings](#) tab in the Settings screen.

Property	Description
Duties in system	The total number of duties held by this instance of the application.
Limit	<p>The total number of duties this instance of the application can hold. If you want to increase this limit, contact us at info@frmssc.com.</p> <div data-bbox="464 869 1337 1173" style="border: 1px solid #007bff; border-radius: 10px; padding: 10px;"><p>If the number of duties in this instance has reached the instance limit, you will not be able to process new duties. You could delete old duties or archive them as a workaround, if you would like to continue processing new duties without increasing the instance limit. However, archived duties can't be analysed or processed.</p></div>
