

## The overview chart

This chart provides a picture of the rising and falling fatigue throughout each duty.

Note the tools for the Overview screen: from left to right:

1. The Chart dropdown lets you choose between chart and report modes.
2. The Time reference dropdown lets you choose whether the overview chart should be in UTC or base time.
3. The Download icon lets you download the chart or the report.
4. The Fit to Screen icon attempts to fit the chart or the report data within the visible area and hides the scroll bar for the chart or the report data.
5. The Maximise icon maximises the report or the data to fill most of entire browser screen.
  - a. After you click on the Maximise icon, the icon is replaced by a Minimise icon.

- b. Click on the Minimise icon to toggle the chart or report data to the original size.
